PROJECTS / OPEN-SOURCE

Ibrlive | [Link](#)

Wordpress, JQuery, Html, Css, Bootstrap 5

Real-Time Currency Rates: Displays live exchange rates for multiple currencies, ensuring users get up-to-date information.

User-Friendly Interface: Designed with an intuitive layout for quick access to current exchange rates.

API Integration: Fetches data from reliable financial APIs for accurate currency conversion rates.

Customizable Currency Watchlist: Allows users to track specific currencies and view rate trends over time.

Historical Data Access: Provides historical currency data for users to analyze past rate trends.

Responsive Design: Optimized for desktops, tablets, and mobile devices for on-the-go access.

Secure Transactions: Ensures data security with SSL encryption for a safe browsing experience.

Performance Monitoring: Real-time performance tracking for website speed and reliability.

Automated Rate Updates: Integrates with cron jobs to refresh rates at specified intervals.

Wulus Distribution | [Link](#)

Wordpress, JQuery, Html, Css

Order Tracking System: Developed a custom order tracking system using ACF plugins for efficient order management.

Backend Order Creation: Orders are created and managed through the backend, enabling streamlined administrative control.

Frontend Display with Local Storage and AJAX: Utilized local storage and AJAX to show specific past orders and individual order details on the frontend, enhancing user experience.

Custom Email Notifications: Triggered personalized emails to both users and admin to keep them informed about order status.

Single Order Page View: Designed a dedicated single-page view for each order, allowing users to access detailed order information.

Micky Picks | [Link](#)

Shopify, Bootstrap, JQuery

Dynamic Section Development: Designed and implemented flexible, dynamic sections for a customizable user experience.

Currency Converter Integration: Added a currency converter to support international customers and enhance usability.

Multiple Slider Creation: Created multiple engaging sliders to showcase featured products, promotions, and categories.

Shopify Customization: Leveraged Shopifys features to build a tailored and interactive e-commerce site.
